October 22, 2026

THE CITY OF LOOGOOTEE WATER WORKS DEPARTMENT IS REPAIRING A WATER MAIN LEAK ON WALNUT STREET. CUSTOMERS AFFECTED BY THE WATER MAIN REPAIRS ARE AS FOLLOWS;

- ALL LOOGOOTEE CUSTOMERS ON WALNUT STREET ONLY FROM POPLAR STREET WEST TO THE DEAD END

THESE CUSTOMERS ARE NOW UNDER A PRECAUTIONARY BOIL WATER ORDER. THE INDIANA DEPARTMENT OF ENVIRONMENTAL MANAGEMENT (IDEM) REQUIRE ALL PUBLIC WATER SUPPLIES TO ISSUE A BOIL ORDER ADVISORY WHEN THE WATER PRESSURE DROPS BELOW 20psi IN THE WATER MAIN.

BOIL ORDER INSTRUCTIONS ARE AS FOLLOW;

- IMMEDIATELY AFTER WATER PRESSURE IS RESTORED, RUN COLD WATER FROM A SINK OR TUB UNTIL CLEAR WATER FLOWS FROM THE FAUCET.
- BOIL THE DRINKING WATER FOR 5 MINUTES PRIOR TO CONSUMPTION.
- IT IS RECOMMENDED THAT ALL WATER USED FOR CONSUMPTION, COOKING, AND ORAL HYGIENE BE BROUGHT TO A FULL BOIL FOR 5 MINUTES. IT IS NOT NECESSARY TO BOIL WATER FOR OTHER USES.

THE RESULTS OF THE WATER SAMPLES AND LIFTING THE BOIL ORDER ADVISORY WILL BE ADVERTISED THROUGH THE LOCAL MEDIA AND FACEBOOK.
